WHY SMARTCREDIT IS REQUIRED

Real-Time 3-Bureau Monitoring

experian. EQUIFAX TransUnion

SmartCredit provides instant access to your credit reports from Experian, Equifax, and TransUnion. We need this to:

- ✓ See your actual credit reports to file accurate disputes
- ✓ Track your progress in real-time (you see what we see)
- ✓ Ensure both you and your account manager have the same information
- ✓ Catch new items immediately

Cost: $1 for 7-day trial, then $27.99/month

Important: SmartCredit is a third-party service not owned by Mesa Group. You maintain direct control over your account.

Why This Matters:

Without real-time monitoring, we're flying blind. Disputes could be resolved and we wouldn't know. New items could appear and we'd miss them. SmartCredit keeps everyone aligned, and keeps you in control.

THE BIG 5 QUESTIONS

trial

1. Is this legit or a scam?

2. Will this hurt my credit more?

3. How much is this going to cost total?

We believe in transparent pricing. Here's exactly what you'll pay:

Monthly Plans:

- **Mesa360 Lite:** $350 initial setup + $149/month (ongoing)
- **Mesa360 Flex:** $500 initial setup + $199/month (ongoing)
- **Mesa360 Elite:** $800 initial setup + $299/month (ongoing)

12-Month Programs (Pay in Full & Save):

- **Ruby Plan:** $1,500 one-time payment (saves you $888 vs. monthly Flex)
- **Emerald Plan:** $1,800 one-time payment (saves you $1,788 vs. monthly Elite)

What's included in every plan:

✅ Dedicated account manager
✅ 1-on-1 financial coaching
✅ Customized action plan
✅ Monthly progress reports
✅ Client portal + mobile app access
✅ Ongoing support (monthly plans) or 12 months of service (prepaid plans)

Additional requirement: You must maintain a SmartCredit 3-Bureau monitoring account ($27.99/month after $1 for 7-day trial) throughout the entire process. This gives us (and you) real-time access to your credit reports from all three bureaus.

No hidden fees. No upsells. No surprises.

You can cancel your monthly plan anytime (we have a 3-day risk-free cancellation window from signup). The 12-month programs are paid in full but can be financed through Buy Now, Pay Later (BNPL) options.

16. What is SmartCredit and why do I need it?

SmartCredit is a credit monitoring service that provides real-time access to your credit reports from all three bureaus (Experian, Equifax, TransUnion). It's a required tool for our program.

Why it's required:

📊 **Real-Time Access**

- We need to see your actual credit reports to file accurate disputes
- You get to track your progress in real-time
- Both you and your account manager see the same information

🔍 **3-Bureau Coverage**

- Most free credit monitoring (like Credit Karma) only shows Vantage Scores, which lenders don't use
- SmartCredit shows FICO scores, which are what mortgage, auto, and credit card lenders actually pull
- Covers all three bureaus, not just one or two

⚡ **Updates Fast**

- When items are removed, you see it within days
- Alerts you to new items or changes immediately
- Critical for tracking dispute effectiveness

Cost:

- $1 for 7-day trial
- Then $27.99/month after trial ends
- You must maintain this throughout your program

Why we don't include it in our price:

- SmartCredit is a third-party service (not owned by Mesa Group)
- You maintain direct control over your account
- You can cancel SmartCredit separately if you leave our program

After your program:

Many clients choose to keep SmartCredit even after completing credit recovery because it's valuable for:

- Ongoing monitoring
- Identity theft protection
- Tracking your continued credit building

https://www.mesagroupconsulting.com/diy-credit-repair

trial 1/1

How much time will this take per month?

What's the difference between this and free DIY credit restoration?

Can I really dispute as many items as I want?

What if I get stuck or have questions?

Will bureaus take my disputes seriously?

How long until I see results?

What if I'm not satisfied?

We offer a 7-day free trial (no credit card required) and a 30-day money-back guarantee after you subscribe. If the software isn't what you expected, cancel within 30 days for a full refund. We want you to succeed, not feel trapped.

Can I upgrade to MESA 360 coaching later?

PLEASE READ - IDENTITY THEFT VICTIMS:

If you are a real victim of identity theft, we can help you get these fraudulent accounts removed AND potentially secure a settlement for FCRA violations, at NO cost to you.

Our legal team specializes in identity theft cases and can:

- Remove all fraudulent accounts from your credit report
- Pursue settlements ranging from $1,000-$2,500 for qualified cases
- Handle all disputes and legal correspondence on your behalf
- Navigate the complex identity theft resolution process

The only requirement: An active SmartCredit account ($27.99/month after $1 seven-day trial) so we can access your 3-bureau credit report and build your case.

Book Free Consultation

Important Note: Filing a false identity theft claim is illegal and constitutes fraud. Only use this template if you are a genuine victim of identity theft.
