EMPATHY SECTION

HEADLINE: Whatever You've Been Through, You're in the Right Place Now.

A lot of people come to us carrying more than just credit problems. They're carrying the weight of feeling stuck. Of watching opportunities pass them by. Of not knowing who to trust or where to turn.

We get it. And we don't take that lightly.

Bad credit doesn't mean you're irresponsible. It usually means no one ever taught you how this system works. That changes today.

We built Mesa for exactly this moment. For the person who's ready to take that first step and just needs someone to take it with them.

SMARTCREDIT TRANSPARENCY NOTICE

(Styled as a callout box)

ONE THING WE WANT TO BE UPFRONT ABOUT

All Mesa360 plans require an active Mesa x SmartCredit subscription ($27.99/month, billed directly by SmartCredit, not by us).

Transparency is one of our core values, so we'd rather tell you this now than have you find out later.

Your dedicated Client Success Manager and the Mesa360 Credit System™ use SmartCredit to access your live Experian, Equifax, and TransUnion reports throughout your program. It's what

keeps everyone aligned in real time, so nothing gets missed and every dispute is filed with precision.

You keep full control of your account. You see everything we see. And beyond your restoration program, SmartCredit delivers genuine value on its own. $1M identity theft insurance, real-time fraud alerts, and all three bureaus in one dashboard.

This is us being the partner we promised to be. Honest with you from the very first step.

[Learn More About Mesa x SmartCredit →]

HOW MESA360 ACTUALLY WORKS

HEADLINE: A System Built Around You. Not the Other Way Around.

The Mesa360 Credit System™ wasn't built to process files. It was built to change lives. One client, one strategy, one win at a time.

Most programs are built for efficiency. Mesa360 is built for people.

Every client who enrolls gets a dedicated Client Success Manager. One person who knows your file, your goals, and your story from the first day to the last. You'll never have to re-explain yourself.

One dedicated Client Success Manager. Start to finish. Your Client Success Manager isn't just a point of contact. They're your advocate, fully invested in your outcome, knowing your name, your goals, and exactly where you are in your journey every single day.

Financial coaching that stays with you. We don't just work your file and send updates. We teach you how credit actually works so that what we build together lasts long after your program ends. Because real transformation means you never end up back where you started.

A strategy built around your life. Your credit situation is unique. Your action plan reflects that, built specifically for your profile, your goals, and what matters most to you. No two clients are the same and no two action plans should be either.

Complete visibility throughout your program. Every 35 days your Client Success Manager sits down with you. What was disputed, what was removed, what's in progress, and what's coming next. No guessing. No wondering. Just clarity.

Federal law working in your favor. We leverage FCRA and FDCPA protections, Metro 2 compliance standards, and direct creditor dispute channels, giving your case the legal weight it deserves.

Real legal backing when the system doesn't treat you fairly. When creditors or bureaus step out of line, we bring in licensed consumer protection attorneys. Because you deserve someone who knows how to protect you.

REALISTIC TIMELINE SECTION

HEADLINE: Your Journey With Us. From Day One to the Life You Deserve.

SUBHEADLINE: We don't just work your file and send updates. We walk this road with you. Every step, every round, every win. Here's exactly what that looks like.

DAY 1. Welcome to the Family. From the moment you enroll, you're not a case number. You're a person with a story, a goal, and a team that genuinely wants to see you get there. Your Client Solutions Advisor handles your full onboarding and gets your client portal set up so everything is ready from day one. Within 24 hours your file is verified and passed to our dispute team. The work starts immediately, because your time matters.

DAY 1-35. We Go to Work on Your Behalf. Our dispute team prepares and sends your first round of disputes to the bureaus using advanced FCRA and FDCPA frameworks, Metro 2 compliance challenges, and direct creditor dispute channels. Federal law requires the bureaus to investigate and respond within 30 days. We give it 35 days before your first update. Those extra days ensure every response has been properly processed and nothing gets missed before we sit down with you to review results. Your Client Success Manager personally walks you through everything at that 35-day mark. What moved. What's pending. What comes next. You'll always know exactly where you stand.

DAY 35-70. We Adapt and Keep Fighting. Not everything resolves in round one, and that's completely normal. Every bureau response gives us new information about your file. We take that intelligence, sharpen your strategy, and go again with a more targeted second round. This is what it looks like when someone is genuinely in your corner. Not just sending letters, but actually fighting for you. Another 35-day cycle begins and your Client Success Manager stays close throughout.

DAY 70+. You Start to See It. This is where the work becomes visible. Negative items coming off. Your profile getting cleaner. Your score finding room to move. We keep working through rounds, each one more refined than the last, until your file is where it needs to be. We celebrate every win alongside you because your progress is our progress.

SOMETHING IMPORTANT WE WANT YOU TO KNOW Sometimes items get removed and the score doesn't move right away. We want you to understand that before it happens, because we never want you to feel like the process isn't working when it actually is.

Here's the truth: if positive credit hasn't been built yet, your score may stay flat even while negative items are coming off. That's not a setback. That's just how the system works. And it's exactly why every Mesa360 plan includes 1-on-1 financial coaching, so we're building the positive side of your credit profile at the same time. When those negative items come off, your score will have somewhere to go.

We tell you this because we believe you deserve to understand your own financial journey. Not just receive updates about it.

YOUR FINANCIAL HOME WHILE WE WORK. MESA FINANCIAL CONCIERGE. Every Mesa360 client automatically receives access to Mesa Financial Concierge Community tier, included at no additional cost. Because we believe the time spent in your program should never feel like waiting.

Inside, your financial family is ready for you: ✓ Weekly live group coaching calls with financial experts ✓ A private community where real answers are always within reach ✓ A complete financial education library built around where you are right now ✓ A personalized action plan powered by LevelUpScore technology ✓ People on the exact same journey who genuinely want to see you win

This is what sets Mesa apart. While your disputes are working through the system, you're not sitting still. You're learning. You're building. You're growing. Every single week.

When you're ready for more personalized support, Mesa Financial Concierge has options designed around your goals. Your Client Success Manager can walk you through what's available whenever you're ready.

[Learn More About Mesa Financial Concierge →]

GRADUATION. THE BEGINNING OF WHAT'S NEXT. When your file is clean, we don't just say congratulations and close your account. We sit down with you and talk about what's next. Business funding. Home buying preparation. Credit building. Long-term wealth strategy. Whatever the next chapter of your financial life looks like, your Client Success Manager helps you walk into it prepared, confident, and supported.

Everything you've built through the Mesa360 Credit System™ is yours to keep. And we'll be right here when you're ready for the next step.

On average, our clients see improvements in the range of 50-150 points depending on their starting profile, the complexity of their situation, and bureau responsiveness. Individual results vary. During your free consultation, your Client Solutions Advisor will give you an honest picture of what to expect for your specific situation.

PLAN SELECTOR

HEADLINE: Let's Find the Right Starting Point for You

SUBHEADLINE: Every situation is different. Every plan is built around that. Take a look at what resonates with where you are right now. And if you're not sure, that's okay too. We'll figure it out together.

If your report has collections, late payments, or unauthorized inquiries: You're in the right place and you have a clear path forward. Mesa360 Lite was built for exactly where you are. A solid, structured starting point with a dedicated Client Success Manager and coaching included from day one. → Mesa360 Lite is your starting point.

If you're also dealing with charge-offs on top of that: This is one of the most common situations we see, and one of the most manageable with the right strategy. Mesa360 Flex handles everything in Lite plus charge-offs, with accelerated processing and direct creditor disputes built in. There's a reason it's our most popular plan. → Mesa360 Flex was made for your situation.

If your report includes bankruptcies, repossessions, evictions, student loans, or medical bills: We know this feels heavy. It's okay. You're not alone in this and you're not out of options. Mesa360 Elite is our most comprehensive program, built specifically for complex situations with advanced legal dispute strategies and priority handling from our full team. → Mesa360 Elite is built for where you are.

If you and a partner are both looking to rebuild: Two profiles. One program. One team that shows up for both of you. The Mesa360 Duo Plan was designed for couples and partners who want to build their financial future together, because some journeys are better taken side by side. → Mesa360 Duo covers both of you under one program.

If you're not sure where you fall: This is the most honest answer and we respect it completely. You don't need to figure this out before you talk to us. That's exactly what we're here for. Start with a free consultation and your Client Solutions Advisor will review your situation and tell you exactly where you stand and what makes sense for your goals. → [Schedule Your Free Consultation →]

PRICING SECTION

HEADLINE: Choose Your Path Forward

SUBHEADLINE: Every Mesa360 plan includes your dedicated Client Success Manager, 1-on-1 financial coaching, personalized action plan, client portal, and Mesa Financial Concierge Community access. What changes is the complexity of what we work on together.

ONLINE ENROLLMENT CALLOUT: Enroll directly through our website and save on your setup fee. Our team is always here if you have questions first. But if you're ready to get started, we want to make it as easy as possible.

All plans require an active Mesa x SmartCredit subscription ($27.99/month, billed directly by SmartCredit).

Please note: Due to state regulations, Mesa Group Consulting is currently unable to provide credit restoration services to residents of Georgia. If you are located in Georgia and need assistance, please contact us and we will do our best to point you in the right direction.

THE GUARANTEE

HEADLINE: Our Promise to You. Backed in Writing.

We believe that if we ask you to trust us with something as important as your financial future, we owe you more than good intentions. We owe you a real commitment.

So here it is.

If we don't remove at least one verifiable negative item from your credit report within 90 days, and you've held up your end of the journey, you get every dollar you paid us back. No runaround. No fine print designed to protect us instead of you. Just a straightforward promise from a team that means it.

What we commit to: We will work your file with everything we have. Advanced dispute strategies, consistent updates every 35 days, and a dedicated Client Success Manager who stays with you throughout. If your rights are violated by a creditor or bureau, we escalate to licensed attorneys on your behalf. We show up. Every round, every update, every step.

What we ask of you: Keep your Mesa x SmartCredit subscription active. Stay responsive to your Client Success Manager. Follow the guidance you're given. Avoid adding new negative items during your first 90 days. That's it. We handle everything else.

Federal law protects you from day one. You have a legally protected 3-day right to cancel for any reason with a full refund. No questions asked. We put this here because you deserve to know it, not because we expect you to use it.

A few honest limitations: SmartCredit subscription fees are billed directly by SmartCredit and are outside our guarantee. Items that are accurate, complete, and properly reported under federal law cannot be removed by anyone. We will always be honest with you about what's possible. The guarantee applies when both sides show up. We always will.

LEGAL ESCALATION

HEADLINE: You Have Rights. We Make Sure They're Respected.

One of the things we believe most deeply at Mesa Group is that every person, regardless of their credit score or financial situation, deserves to be treated with fairness and dignity by the financial system.

Sometimes that system falls short. Bureaus miss deadlines. Creditors re-report items that were already removed. Collectors overstep their boundaries. When that happens to our clients, we don't file it away and move on. We act.

Mesa Group is not a law firm. But we work alongside licensed consumer protection attorneys who specialize in exactly these situations, and we bring them in the moment your rights are at stake.

We tell you this not to impress you, but because we want you to know that you are protected here. That's what it means to have a real partner in your corner. Not just someone who works your file. Someone who stands up for you when it matters most.

WHEN LEGAL ESCALATION HAPPENS

HEADLINE: You Have Rights. Most People Just Don't Know It.

Mesa Group is not a law firm. We work with licensed consumer protection attorneys who act on your behalf when violations occur.

If any of these sound familiar, your rights may have already been violated:

⚠ A collector called before 8 AM or after 9 PM ⚠ A deleted item reappeared on your report without verification ⚠ A collector contacted you after you told them to stop ⚠ A collector called more than 7 times in 7 days ⚠ A collector contacted your family, employer, or discussed your debt with others ⚠ A bureau failed to respond within 30 days ⚠ False information was reported to the credit bureaus

Under federal law, qualifying violations may entitle you to up to $1,000 per violation, in addition to removal of inaccurate items. Send your evidence to fdcpa@mesagroupconsulting.com and we'll tell you exactly where you stand.

[Schedule Your Free Consultation →] [Get Free Credit Analysis →]

COST OF WAITING

HEADLINE: The Longer You Wait, the More It Costs the People You Love.

Every month with damaged credit is a month of paying more than you should. Higher interest rates. Denied applications. Missed opportunities that quietly add up to tens of thousands of dollars over time.

But the real cost isn't financial. It's the weight of feeling stuck. Of watching the life you want feel just out of reach. Of wondering if things will ever actually change.

They can. And they will, with the right people in your corner.

We help people first. That means we'd rather see you start sooner than wait until the cost becomes unbearable. Whatever brought you to this page today, that feeling is telling you something. We think it's worth listening to.

COST OF WAITING. VISUAL SECTION.

HEADLINE: Bad Credit Costs You $126,000 Over 30 Years. Here's What That Actually Means.

SUBHEADLINE: Every month without action, the gap between where you are and where you want to be grows wider. Here's what that looks like in real numbers.

Card 1: Higher Mortgage Rates +$87,000 620 score = 7.2% APR 720 score = 6.1% APR On $300K over 30 years

Card 2: Car Loan Penalties +$18,000 Subprime: 14% APR Prime: 6% APR Over 5-year loan

Card 3: Credit Card Interest +$21,000 Bad credit: 24% APR Good credit: 16% APR On $10K over 10 years

DARK SUMMARY CARD: Total Cost of Bad Credit **$126,000+**

Mesa360 Credit System™ **Starting at $149/month**

Your Potential Savings: $100,000+

This isn't just about your credit score. It's about the life your family deserves, and what it costs every month you wait to protect it.

WHY MESA GROUP

HEADLINE: Built Different. On Purpose.

The Mesa360 Credit System™ wasn't designed to be the biggest credit restoration program. It was designed to be the most trusted one.

From the beginning we made a decision that has guided every part of how we operate. We help people first. That's the foundation everything else is built on.

We believe the right guidance sometimes means pointing you somewhere else. If another path serves you better, we'll tell you that openly and help you get there. Genuine care for someone means putting their outcome above everything else.

What that philosophy has built is something rare in this industry. A program where every client has a real person in their corner. A dedicated Client Success Manager who knows your name, your story, and your goals. A coaching program that makes sure what we build together lasts. A trilingual team that communicates without barriers. A real office you can walk into. Legal backing when the system doesn't treat you fairly.

Behind every file is a family. A dream. A version of life that feels just out of reach. We never forget that. Not when we're filing disputes. Not when we're reviewing your progress report. Not when we're celebrating your wins alongside you. That's what drives this team every single day, and it's why we'll never stop showing up for the people who trust us with something this important.

FAQ SECTION

HEADLINE: Your Questions, Answered.

SUBHEADLINE: We believe in transparency. Here are honest answers to the questions most people ask before starting their credit restoration journey.

THE BIG 5 QUESTIONS

1. Is this legit or a scam? We understand the skepticism. This industry has earned it. Mesa Group Consulting is a real company with a real office at 5001 California Ave Suite 219, Bakersfield, CA. We've served 2,500+ clients since 2023, have 150+ five-star reviews, and operate in full compliance with CROA, the federal law governing credit repair companies. You can walk through our door, meet our team, and ask every question you have before signing anything. We welcome that.

2. Will this hurt my credit more? No. The dispute process we use is your legal right under federal law. Challenging inaccurate items on your credit report cannot hurt your score. What can hurt your score is adding new late payments or collections, which is why we coach you on credit building throughout your program, not just dispute work.

3. How much is this going to cost total? Plans start at $250 to enroll online plus $149/month, and all plans require a Mesa x SmartCredit subscription at $27.99/month billed directly by SmartCredit. There are no hidden fees. Everything is disclosed upfront and in your contract before you sign anything. Your Client Solutions Advisor will walk you through the full cost picture during your free consultation.

4. How long does it actually take to see results? Most clients see measurable progress within 35-70 days. Complex situations involving bankruptcies or multiple accounts take longer. On average our clients see improvements in the range of 50-150 points depending on their starting profile and the complexity of their situation. Your Client Solutions Advisor will give you a realistic picture during your free consultation, not a number designed to get you to sign up.

5. Can I do this myself instead of paying someone? You absolutely can, and we'll never tell you otherwise. Disputing your own credit is a legal right and we respect it completely. If you want to go that route, our separate platform gives you professional-grade tools at a fraction of the cost. If you'd rather have a dedicated team handle it and a Client Success Manager in your corner every step of the way, that's exactly what Mesa360 is built for. Either way, we want you to win.
